ABOUT

I am a Junior Front-end Developer with strong fundamentals, real project experience and a growth mindset. Looking for a team where I can learn fast and contribute with confidence.

EXPERIENCE

Uber, London // *Private hire driver*

NOV 2023 - PRESENT

- Delivered exceptional customer service by maintaining a professional and courteous demeanor during every trip.

edX Bootcamp, Remote // *Front-end Web Development*

NOV 2022 - MAR 2023

Improved technical skills and gained proficiency in Web Development.

- Developed 8 individual projects and collaborated on 2 team-based projects, utilising JavaScript (jQuery & React), HTML, CSS and Node.
- Applied Agile methodologies to build user focused applications, improving both technical and teamwork skills.

Pizza Express, Sutton, London // *Senior Pizza Chef*

MAY 2022 - DEC 2023

- Oversaw production and service of the menu ensuring high quality preparations and presentation of food.
- Managed kitchen staff, provided training and mentorship to junior chefs and maintained food safety and hygiene standards.
- Maintained exceptional service in a fast-paced,

high-pressure environment, ensuring customer satisfaction with quality and timely meals.

PROJECTS

Game Dealer App (Collaboration)
- Developed the user interface design and ensured optimal layout responsiveness using HTML/CSS and Bootstrap.
- Contributed to sprint planning and actively participated in the decision-making process.
- Github: Game Dealer App

Advice Generator App
- Developed dynamic Web application using HTML/CSS and Javascript.
- Integrated the 'Advice Slip API' to serve random pieces of advice on request.
- Github: Advice Generator App
